

“I want to be a RC Volunteer Seminar.”

A seminar will be conducted Sunday 26 February 2012 beginning at 1400 in the Clubhouse. This seminar is directed towards volunteers who want to know what it takes to contribute as an effective RC volunteer to ensure safe and competitive competition for local and visiting sailors. Also, knowledge of RC actions will make seminar attendees better competitors. Experienced volunteers are encouraged to attend as a review. Contact Dick Dommel for more info.
